

HOODOO BAG AND MEDICINE

QUITE AN ASSORTMENT OF ARTICLES TAKEN FROM STRANGE NEGRO WHO IS NOW CHARGED WITH STEALING.

Charles Evans, a negro who said that he was just from Alabama, has a number of charges to explain when he faces Recorder Johnson this morning at 9 o'clock. The charges are docketed against him of being a dangerous and suspicious character and also for peddling without a license. The first charge was based upon a complaint of a Greek who swore that Evans had stolen from his place of business, a box of cigars which he carried. Evans said he didn't. The other charge was made by the arresting officer, who claims that Evans had been trying to dispose of half a dozen different kinds of medicines which he carried, and which were represented to cure about anything that could be mentioned. Syringes, sponges, bandages, pencils, and a "hoodoo bag" were found in his effects, and the police said he was a "hoodoo doctor," whatever that is. It isn't defined in the city code.

ENGINEER'S HAND WAS CUT

CHAS. DALGRAAD, EMPLOYED AT NEW SAN CARLOS, SUFFERED VERY SEVERE ACCIDENT WHILE AT WORK LAST NIGHT.

Charles Dalgaard, night engineer at the new San Carlos hotel, sustained severe injuries last night about 10 o'clock when a large piece of glass, it was stated, slipped from his hand and cut an ugly gash in his arm. At first the opinion was that he would lose the arm, but later, after securing the services of Drs. Dewberry and Andre, the machinist was pronounced out of immediate danger. He will not be able for some time to resume his work.

Terrible Croup

One Who Knows Recommends a Remedy to Anxious Mothers.

My little boy, who is four years old, has suffered a lot with croup. On several occasions we thought he was gone.

After trying all the old time remedies and most of the new, I came home one night at midnight, and my wife said, "The boy has the croup again—suppose you get a bottle of Hyomel." "More junk," I said, "but we will circulate our money so they all will get some."

I hastened to an all night drug store, brought it home. In five minutes he was breathing easier. In fifteen minutes he was sound asleep. It broke the croup so quickly it scared me.

Anyone wishing to cure the croup of a child I hope will give Hyomel a trial.

Wishing you the best of success, which you surely deserve, I remain, Jos. E. Clark, 204 6th St., S. E., Washington, D. C., Oct. 7, 1909.

Hyomel is a remarkably effective remedy in case of croup and it should be in every home where there is a croupy child. Full instructions how to cure croup comes with each outfit. Complete Hyomel outfit, including inhaler costs \$1.00 at druggists everywhere and at Hannah Bros. It is guaranteed to cure catarrh, coughs, colds and sore throat.

MI-ONA
Cures Indigestion
It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

Everything to Wear.

GREEK PRIEST WAS IN CITY

HELD SERVICE YESTERDAY AT CHRIST CHURCH, WHICH WAS ATTENDED BY LARGE NUMBER FROM CITY.

Rev. Christ Angelosalo, a Greek priest from New Orleans, is at the Manhattan hotel. He is here for the spiritual welfare of the 250 or more Greeks in Pensacola, and yesterday morning held a very interesting and well-attended service at Christ church, the natives of King George's country attending in large numbers. The visitor was heard with great and close interest. He is also interested in the church which is to be erected at an early date in Pensacola by the Anagninis Greek Association, and during his stay here learned a great deal of the plans which are not yet fully matured for the erection of the church. It will be built at the corner of Reus and Wright streets, and papers for the transfer of the property were received by the officers of the association yesterday.

There is no one man or set of men behind the movement to build the church for the Greeks here. In fact, it has the support of practically all of that nationality in Pensacola. Some wrong impression was formed from the article which appeared in The Journal of Sunday concerning the erection of the church. Some of the Greeks claim that full credit was not given to the larger body of those people here. It was stated that the Anagninis Association, composed of practically all the Greeks here, was behind the move, and that fact was intended in the article. Facts given in the article were not disputed, only that the association and not one set of men was behind the movement.

Investigating the Charges of Bribery

(Continued from First Page.)

edge or information on this subject, except what is contained in press dispatches from Jackson. It seems an unnecessary statement for me to make—entirely unnecessary so far as any one that knows me is concerned—that not a cent was ever used during the senatorial fight in Jackson by me or with my procurement, consent or knowledge, to influence any member of the legislature, nor have I the least idea that such expenditure was ever made by any friend of mine.

CHANGE THE VIBRATION.

It Makes For Health.

A man tried leaving off meat, potatoes, coffee, and etc., and adopted a breakfast of fruit, Grape-Nuts with cream, some crisp toast and a cup of Postum.

His health began to improve at once for the reason that a meat eater will reach a place once in a while where his system seems to become clogged and the machinery doesn't work smoothly.

A change of this kind puts aside food of low nutritive value and takes up food and drink of the highest value, already partly digested and capable of being quickly changed into good, rich blood and strong tissue.

A most valuable feature of Grape-Nuts is the natural phosphate of potash grown in the grains from which it is made. This is the element which transforms albumen in the body into the soft gray substance which fills brain and nerve centers.

A few days' use of Grape-Nuts will give one a feeling of new strength well worth the trial.

Look in pkgs. for the little book, "The Road to Wellville." "There's a Reason."

Hood's Sarsaparilla

Is the most effective medicine for the complete purification of the blood, and the complete renovation of the whole system. Take it this spring. Get it today in usual liquid form or tablets called Sarsatabs. 100 Doses \$1.

THE QUARTERLY ATHLETIC MEET AT LOCAL POST

GOOD WEATHER, MUCH ENTHUSIASM AND LARGER CROWDS WERE FEATURES OF OUTDOOR CONTESTS AT FORT BARRANCAS.

Ideal weather, much enthusiasm and large crowds were real features of the quarterly athletic meet which was held at Fort Barrancas yesterday in which enlisted men participated. Some excellent record time was made in the different events, and Sammons of the 163rd Company is credited with a 100-yard dash in eleven seconds. The 20th Company was accredited with the best all-around work, having attained fourteen points of excellence. The 22nd Company followed closely with a credit of a dozen points. The lowest was the 77th Company, which had but two entries. Canada, of the 77th, won second honors in the 100-yard dash. One entry was also made by that company in the wall-scaling contest, but the team was the lowest one.

The different events, time and winners were as follows:

One Hundred Yard Dash—First, Sammons, of the 163rd Company; second, Canada, of the 77th Company; third, Winfield, of the 22nd Company. Best time, 11 seconds.

Running Broad Jump—First, Kennedy, of the 163rd Company; second, Thomas, of the 22nd Company; third, Sammons, of the 163rd Company. Distance, 19.05 feet.

Tug of War—First, 15th Company team. Team from 22nd Company competed for honors in this event.

Relay Race—First, 22nd Company; second, 20th Company; third, 163rd Company. Time, 1.42 minutes.

Wall Scaling—First, 20th Company; second, 163rd Company; third, 77th Company. Best time, 57 seconds, over 14-foot wall.

Cross Country Run—First, Williams, 163rd Company; second, Abel, 20th Company; third, Young, 163rd Company. Time, 3.02 minutes.

The companies were awarded the following points:

Points.
20th Company (first)
22nd Company (second)
163rd Company (third)
15th Company (fourth)
77th Company (fifth)

In the wall scaling contest the following men took part: Captain of team, Corporal Wm. H. Shipp. Members, Private J. Baker, Private J. J. Geler, Private H. R. Hadden, Private G. Womack, Private J. Fontaine, Private G. R. Nettleton, Private W. E. Roden, Private J. W. McIntyre.

In the cross country run the first was Private George E. Fortune, and second was Private Charlie J. Nee.

A SPAGHETTI SUPPER BY THE CONCORDIAS

ABOUT ONE HUNDRED MEMBERS AND INVITED GUESTS SPENT VERY ENJOYABLE EVENING AT THE CLUB ROOMS.

A spaghetti supper and smoker proved to be a most enjoyable event at the Concordia Club rooms on East Intendencia street last night, when about one hundred members and a number of invited guests gathered and spent several hours.

The spaghetti supper was served in an excellent manner and was pronounced as the best ever by the membership of the club. Accompanying the dish, were refreshments of a suitable character. The spread was in the billiard and pool rooms, which were converted into a dining hall for the occasion and which afforded ample room for the seats of the large number present.

DESTROYER IN BAY SHOWS HER GREAT SPEED

ONE OF THE VESSELS WHICH IS HERE FOR MANEUVERS MADE TRIP UP BAY ON EVOLUTION PRACTICE.

One of the most interesting of sights yesterday along the water front was the high speed shown by one of the torpedo boat destroyers, which came up from the navy yard at what was reported the best speed at command, and then, getting into the shipping area, slowed down a bit and continued past the city to a point about ten miles up the bay, on what was termed an evolution practice run. The boat went by the city at a speed that was anything but slow, and those who saw the naval vessel thought it moved swifter in the water than anything of the sort that they ever witnessed.

The destroyers are 289 feet over all, but have a draft of but eight feet, which is a safe depth to go many miles up into Escambia bay. It was stated that more than one of the trim little vessels will make trips up the bay before leaving the city.

Great Horsepower. It will surprise the average person, when looking at the apparently frail craft, to know that they are each capable of developing 10,000 horsepower with their turbine engines, and this force sends them through the water at a greater speed than any vessel of the United States navy. They are officially classed at a speed of 28 knots, which is much above thirty land miles. They are, as already stated herein, just from the ways and the newest craft in the United States navy. Two were built at Philadelphia, two at Bath, Me., and one, the Preston, at Camden, N. J.

Liberty Parties. The destroyer Reid, finishing coal, allowed a large number of blue-jackets last evening to come to the city, and the navy of Uncle Sam was to be seen in all directions. With a large number from the Montgomery, and a sprinkling from some of the other destroyers, there were many sailors in the city. Some of them attended the races, others the baseball games, while after dark they were numerous at the moving picture shows. One or two parties hired a taxicab, and, operating it themselves, had things their own way on many of the thoroughfares over which they passed.

CURES CONSTIPATION

Dodson's Liver-Tone. It Liven's the Liver. Dodson's Liver-Tone is a remedy for general use in patients of all ages, and is a cure for any form of constipation. Its action is gentle, but sure. It causes a thorough cleansing of the whole alimentary tract, and is a sure stimulant for the liver, without disagreeable taste or nausea.

Dodson's Liver-Tone is a liquid with a pleasant taste, and has all the good medicinal virtues of calomel, without any of the bad effects.

W. A. D'Almeida has investigated the merits of Dodson's Liver-Tone, and has been so thoroughly convinced, that he is willing to sell you a bottle under the positive guarantee that it will give satisfaction; if it does not, he will refund your money. He could not make this offer if the medicine was not exactly as represented. Give it a trial to-day.

Ride in a 20-Mile Boat

as cheap as in the ordinary 7 or 8 mile kind. There is real enjoyment in a party going "when the going's good"—20 miles an hour in the fast launch "Gem." For hire by hour, trip or day.

Also the big party launches "San Carlos" and "Reeba."

DULL WEEK AT THE CITY HALL

NOTHING OF PUBLIC INTEREST AROUND CITY BUILDING, AND NOT A MEETING IS SCHEDULED FOR THE ENTIRE WEEK.

Nothing of public interest is transpiring at and about the city hall this week, and there is not a meeting scheduled for the entire week. The board of works would have held a regular meeting on the evening of April 2, but that date falls on Saturday and the meeting has been postponed until Tuesday of the following week. That leaves a clear calendar for the rest of the week. The board of safety will hardly get together until Monday of next week.

About the only matter of unusual interest is the change this week in the office of plumbing inspector. Jake Biebighauser will relinquish the office Thursday night to the recently-elected inspector, Jackson Brandon, who was the former inspector's assistant. Mr. Brandon's promotion will leave the office of assistant vacant, and opinion is now about divided as to who the new man will certify for appointment to the board of works. Mr. Brandon will be required to name his assistant, and the board will confirm his choice. He is not giving out any advance information, leaving the choice to be known first by the board of works. Rumor at the city hall yesterday had it that John Murch would be

the choice, but confirmation would not be given the rumor.

The comptroller's office has been given a spurt of activity in addition to the regular line of work by issuing a number of dog licenses since the police agitation in this line has started. More dog licenses were issued lately than for any similar period in a long time.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

THE WEATHER IN PENSACOLA

Furnished by the local office, United States Weather Bureau, for The Pensacola Journal of March 30, 1910.

Temperature. Maximum temperature yesterday, 72 degrees at 2 noon.

Minimum temperature yesterday, 61 degrees at 5:30 a. m. Mean temperature yesterday, 68 degrees.

Normal temperature yesterday, 64 degrees. Departure from normal yesterday, plus 4 degrees.

Average maximum temperature for this date, 70 degrees.

Average minimum temperature for this date, 55 degrees.

Accumulated excess of daily mean temperature since first of month, 93 degrees.

Accumulated deficiency of daily mean temperature from Jan. 1 to the first of the present month, 71 degrees.

Rainfall.

Total rainfall from 7 a. m. to 7 p. m. yesterday, 0 inches.

Total rainfall since first of month, 1.82 inches.

Normal rainfall for this month, 5.36 inches.

Total deficiency of rainfall from Jan. 1 to first of month, 1.71 inches.
